Reduce the risk of Coronavirus infection Follow these important precautions

Coronavirus is a new disease which is happening in China and has affected other countries. The virus has flu like symptoms such as:

1 Fever

2 Cough

3 Difficulty in breathing

If you have returned from Wuhan, China after January 15, then get yourself tested for 2019-nCov. To know about the centres for testing, call the Ministry of Health and Family Welfare Helpline +91-11-23978046

If you have returned from China in the last 15 days or have been in contact with any person affected by Coronavirus, then limit your contact with others and follow these important steps:

1

Limit contact with everybody for the next 14 days and sleep in a separate room

2

Cover your nose and mouth while sneezing

3

Wash your hands with soap regularly

4

Stay far away from persons who have cough, cold and fever

If you develop fever, cough and difficulty in breathing within 28 days of return from China, immediately call the Ministry of Health and Family Welfare Helpline

24X7 +91-11-23978046

If you have cough, fever or difficulty in breathing, contact a doctor immediately

Stay protected!

Stay safe from Coronavirus!
